AGENCY: Department of Health. Division of Medicaid and Health Financing. Bureau of Authorization and Community Based Services

SERIES: 8145

3

TITLE: Accounting distribution of warrants

DATES: 1985-

ARRANGEMENT: None

DESCRIPTION:

This is a computer printout showing expenditures on the medicaid program by types of service. Used as an audit tool. This list includes the run and report dates, the range of warrant numbers, the dates of the warrants, the low organizational, account, and activity codes, the amount of the warrants, the account title, and the service for which the warrant was issued (Inpatient Hospital, Outpatient Hospital, etc.).

RETENTION:

Retain for 6 month(s)

DISPOSITION:

Destroy.

RETENTION AND DISPOSITION AUTHORIZATION:

These records are in Archives' permanent custody.

APPROVED: 08/1986

FORMAT MANAGEMENT:

Paper: Retain in Office for 6 months and then destroy.

APPRAISAL:

These records have administrative value(s).

This record is kept elsewhere and does not need to be retained past its administrative value.

AGENCY: Department of Health. Division of Medicaid and Health Financing. Bureau of Authorization and Community Based Services

SERIES: 8147

4

TITLE: Administrative files

DATES: i 1984-

ARRANGEMENT: alphabetical

DESCRIPTION:

These records document the function, and the internal administration and housekeeping activities of this bureau's office. Included in these records are copies of outgoing correspondence/memoranda and original correspondence/memoranda; copies of reports, and records accumulated in the bureau's daily activities.

RETENTION:

Permanent. Retain for 2 year(s)

DISPOSITION:

Transfer to Archives.

RETENTION AND DISPOSITION AUTHORIZATION:

These records are in Archives' permanent custody.

APPROVED: 08/1986

FORMAT MANAGEMENT:

Paper: Retain in Office for 2 years and then transfer to State Archives with authority to weed.

APPRAISAL:

These records have administrative, and/or historical value(s). Most of these records have administrative value only and need to be retained for only two years. However, some records may be valuable in documenting the function and activities of the bureau and should be retained permanently. Records under "1" are papers that do not document official actions, such as notices of holidays, or charity and welfare fund appeals. Records under "2" relate to the office organization, staffing, procedures, and communications; daily administration of office personnel; office supplies, services and equipment requests and receipts; office space use and utilities. Records which are duplicates of information filed elsewhere should also permanently retained.

SERIES: 8125

3

TITLE: Advance payment program report

DATES: 1985-

ARRANGEMENT: None

DESCRIPTION:

This is a computer output also used as an input document. This is used to inform the bureau of any payments to the health care providers and they in turn input the information into their system. This record includes the run and report date, the name and identification number of the health care provider, the advance payment program amount, the beginning amount, the amount of submitted claims, the adjusted advance payment program amount, the paid amount, and the ending advance payment program amount.

RETENTION:

Retain for 1 year(s)

DISPOSITION:

Destroy.

RETENTION AND DISPOSITION AUTHORIZATION:

These records are in Archives' permanent custody.

APPROVED: 08/1986

FORMAT MANAGEMENT:

Paper: Retain in Office for 1 year and then destroy.

APPRAISAL:

These records have administrative value(s).

Several copies of this report are generated. Therefore, this bureau need not keep its copy past its administrative value.

TITLE: Choice of health care delivery

DATES: 1982-

ARRANGEMENT: None

DESCRIPTION:

This is a form filled out by medicaid applicants to choose the type of health care they wish to have. They may choose to join a Health Maintenance Organization, an Independent Practice Association, or Case Management. The form is then used as an input document for the MMIS data system. It includes the client's choice of joining a Health Maintenance Organization (HMO), an Independent Practice Association, or Case Management, the dates the client previously enrolled, and terminated one of the three choices, if the client had never previously enrolled, and the new start date, the client's identification number, name, address, telephone number, the primary health care provider's name(s), identification number(s) of client children and their provider's name, address, telephone numbers, and identification numbers, the client's signature, and date of signing, and the date the physician letter was sent.

TITLE: Difference letters

DATES: 1985-

ARRANGEMENT: None

DESCRIPTION:

These are letters received from federal auditors on cases in which both the federal government and the Division of Health Care Financing have audited medicaid cases and have made different determinations. The letters inform the state of the federal findings and gives the state the option to agree to these findings or to disagree. They include the case name, the review number, the review period, a description of the state and federal findings on the number of paid claims, the number of total claims, and the dollar amounts of the claims, and the reason for the differences in the two findings, the signature of the federal analyst and the date of signature, whether the state agrees with the federal findings, and the signature of the state official.

TITLE: Extended hospital stay files

DATES: 1988-

ARRANGEMENT: Alphabetical by patient last name

DESCRIPTION:

These are outlier program patient charts, for patients on medicaid, and are used by the agency to determine extended hospital stay periods. The medicaid program has normal guidelines which determine hospital stay periods based on different medical problems. These files document special cases where the individual needs a longer hospital stay, and states the specific reasons for the extended stay. Criteria for the program administration is listed in Utah Administrative Code R414-31x (1993), Hospital Utilization Review. Information includes medical records, correspondence, outlier transmittal form, diagnosis summary, psychiatric evaluation, medication administration record, laboratory record, progress notes, and professional notes.

TITLE: Medical assistance program status

DATES: 1981-

ARRANGEMENT: None

DESCRIPTION:

This is a statistical overview of the medicaid program. This is part of COM 68115A, MARS reports. It includes run date, effective date, and a status report on recipients (gives number eligible, number participating, the percent participating, and the average cost per participating recipient), providers (gives number enrolled, the number participating, the percent participating, the average payment per participant, the total service units rendered, and the average units per participating provider), claims processing operations (gives total number processed, the percentage paid, the number paid, the dollar value of claims denied). Each category shows the figures for the current month, the same month last year, the state fiscal year to date this and last year, the federal fiscal year to date, and the 6 month average this year.

3

TITLE: Provider case files

DATES: 1978-

ARRANGEMENT: Alphabetical by name

ANNUAL ACCUMULATION: 9.00 cubic feet.

DESCRIPTION:

This is the application, medicaid agreement, and other documentation submitted by health care providers to enroll in medicaid program. This record series is divided into the following categories: pharmacies, medical transportation, optometrist, laboratories, dentists, audio-speech therapists, optical supplies, osteopaths, physical therapists, in-state and out-state hospitals, medical supplies, dialysist, birthing rooms, clinics, physicians, nursing homes, rural health, home health, and public health. It includes institutional and non-institutional medicaid provider applications, medicaid provider agreements, signature cards, medical licenses, copies of medicare certification, notifications of change, address of the health care provider, the application date, the provider's license number and date of license, the type of provider, the medicare number, the employer identification number or social security number, the categories of service offered, the number of certified beds, the name and address of clinic affiliation, the type of practice organization, the provider identification number, and the names of individuals authorized to sign medicaid claims. At the beginning of 1989 these records are recorded on optical disk. Records prior to this time will be microfilmed and kept in the office for reference. This file after a two year period of time with no communication or claims will be closed.

RETENTION:

Retain for 9 year(s) after case is closed
