TITLE: Exhibit files

(continued)

APPRAISAL:

Administrative Historical

Over sixty percent of these files contain duplicates of records maintained in other county files. All items contained in these files are discussed in the county commission minutes. The office wants to maintain the originals for two years to document what exhibits commissioners were given. It has been determined that files contain the record copy of all correspondence received by the commission and reports not widely circulated. These items should be transferred to the Archives. In examining these files it was determined the period from 1919 to 1945 contains fewer duplicates and more originals (particularly of correspondence).
